Subject: Revised: Legal Notification to Involved Board Members to Retract False Statements in March 27-28 President's Report

To All SCA Board Members and CAM Management:

(This updated email has Mr. Bruce Alitt's comments inserted for your convenience.)

Mr. Dixon's President's Report has been checked for accuracy today with the Nevada Real Estate Division Managers. It has been found to contain very serious false and misleading statements about me that amount to clear cases of libel and slander.

Mr. Bruce Alitt, Chief Investigator, NV Real Estate Division, said (in part) this morning in an email to my attorney and me concerning Mr. Dixon's report:

"Mr. Dixon did call Ms. Fleming. She told him that the case was off her desk and she could not discuss it with him... ..Mr. Dixon was advised that he would not get a letter... ..Mr. Dixon was never authorized to release this message by the Nevada Real Estate Division."

On your behalf as members of the Board, Mr. Dixon also has also violated the confidentiality of NRS 116.757, as well as other statutes. This is a very serious matter and this false material must be immediately retracted.

Therefore, everyone addressed in this message is hereby warned to immediately take individual actions to see that the attached message is retracted. Otherwise, you risk being named as conspiring to agree with the distribution of the defamatory remarks.

See my attorney's letter attached which is addressed at this point only to Mr. Dixon. But, please be advised that since he claims to be representing the entire Board of Directors, unless you individually state otherwise, you must be considered equally responsible for any distribution of this very clearly set of defamatory statements.

Sincerely,

Robert E. Frank
Director, SCA CAI
